Customized Services to Achieve Your QA Goals

Faculty & Student Success – Design & Teaching

This package provides access to curated workshops, resources and individualized guidance for expanding your pool of highly-qualified online instructors and course developers. Through curated PD and implementation strategy sessions, our team assists you in developing a plan that maximizes instructor readiness and achieves strategic goals aligned with enhancing the scholarship of teaching and learning and improving learner outcomes.

What's Included:
- **Custom PD Plan Designed to Meet Design & Teaching Goals**
- **QA & QM Implementation Strategy Consulting**

Quality Assurance – Design & Review

This package provides the critical guidance you need to unlock your QA potential as you prepare for annual evaluations, accreditation reviews and address recommendations for strategic improvements. Our team will help you harness the power of QA to build and enhance internal online course design and review processes to achieve the results you need.

What's included:
- **Curated PD Plan Tailored to Elevate Your Design & Review Initiatives**
- **Internal Review Process Consulting**

Online Programs

This package is an ideal solution to guide your institution through strategically scaling the sustainable development and delivery of competitive online programs. Work with our team to assist in crafting an individualized plan to develop online programs that promote consistent quality across the curriculum and achieve growth in online learner enrollment, retention and graduation.

What's included:
- **Custom PD Plan Built to Unleash Your Online Program Potential**
- **Program Development Strategy Consulting**
